

Chairman's message

February is all about transcendence. From cold greys to warm blues. It is a transposition in harmony. It's the headway to nature's revival - of budding greens and regeneration. Incidentally, this month we celebrate Maha Shivaratri – the night of Shiva. The deity who embodies the cycle of creation, preservation and destruction of the universe.

If, for a moment, we dwell on a deeper understanding of the Universe, then based on our collective wisdom from mythology and philosophy, we realise that this Universe is energy that expands and collapses. Like a heartbeat that spikes and dips. Like the rhythms of Shiva's damru that symbolises creation and destruction.

With life comes death, and with death comes a new life. In this inevitable cycle, we came across the end of one more significant chapter. We lost a guardian, a friend and a guru – Balkrishna Bhai Doshi - the architect extraordinary. A man who believed in harmony between man and nature. His pearls of wisdom were an inspiration. He once said, "... without dark night, there can never be sunrise, don't even think of only sunrise and smile or think of only the darkest night and imagine death."

So we move on, keeping the memories alive,

waiting for a new dawn. Learning the lessons from our past, working for our present and dreaming of our future. And remember that the cycle of life and death is absolute, what matters is the in-between. The transpose. The February.

NeoTribute

A heartfelt tribute and memorial service was recently organised at City Centre Salt Lake in remembrance of Shri Jayabrato Chatterjee, who passed away on 19th December, 2022.

Joy Da, as he is fondly known by many in this organisation, has been associated with the Ambuja Neotia Parivaar for more than 33 years. He had been instrumental in giving shape to the monthly newsletter as well as a trusted managing editor of our in-house magazine 'Potpuri'.

Family members, friends and close associates including his daughter Sahana Chatterjee, and friends such as Jaya Bachchan, Rajit Kapur, Madhu and Harshvardhan Neotia came together to look back at the exemplary legacy that Joy da had left us with. Actor Amitabh Bachchan shared his words of tribute for Joy Da over a video message. Other friends who also shared their memories of Joy Da included Shobhaa De, Mallika Sarabhai, Om Kaul, Dr Arindrajit Panja, and Reena Sen.

His contribution towards this Group has been immense. A multi-talented and multi-faceted creative individual, Joy Da was an author, filmmaker, communication expert and a wonderful human being. He had been instrumental in giving shape to a lot of brand ideas, values and concepts in the formative years of the Ambuja Neotia Group.

The singer-composer duo Sourendro-Soumyojit presented a musical tribute in his memory.

Glimpses from the memorial service.

Shri Balkrishna Vithaldas Doshi, a doyen of architecture and a fatherly figure for the Ambuja Neotia Parivaar, breathed his last on 24th January, 2023. His demise has left an irreplaceable void in the world of architecture. Shri Harshvardhan Neotia recently paid his heartfelt homage to the visionary architect, at Sangath, Ahmedabad.

Shri Doshi had a three-decade long association with the Group. He was instrumental in the design and planning of Ambuja Neotia's first social housing project Udayan. Since then, he had been a part of several other projects of the Group, guiding and inspiring the Ambuja Neotia Parivaar at every step.

An architect extraordinary, a philosopher, a guide

HARSHAVARDHAN NEOTIA

I write this tribute with a very heavy heart. Architect visionary Shri Balkrishna Bhai Doshi transcended from planet earth this morning. He was to me not just like the father figure, but an architect extraordinary, a philosopher and a guide. I pay my respectful homage to my guru and guiding light.

As I look back, I fondly recollect our long association of nearly three decades. It started in the early 1990s, when I had visited him at Sangath to invite him to design our social housing project Udayan. What began as an architect-client relationship soon blossomed into a *guru-shishya* relationship and ultimately he transformed himself to be a guardian and father figure for our family.

Balkrishna Bhai was much feted. There is hardly any award of consequence that could be conferred on an

● Harshvardhan Neotia is the chairman of Ambuja Neotia

Balkrishna Doshi (left) and Harshvardhan Neotia at Sangath, Ahmedabad, in December 2022

architect that he had not received. He was conferred with the Pritzker Laureate Award, the Reba Award, the Agha Khan Award and the Padma Bhushan, among countless others.

The beauty of Balkrishna Bhai's architecture lies

in the simplicity of his approach. Central to his concern while designing Udayan was how the quality of light and ventilation in the spaces would be created. With designing he brought a beautiful synthesis between the inside and the outside. He strongly felt that the Indian tropical climate

was such that people would use terraces, verandah and open spaces as frequently as they would use the interiors.

While bringing about his harmonious blend, he conceptualised structures that were very aesthetic. He had also this amazing ability to look at life in a light and playful manner. His central philosophy was to be joyful, no matter what were the circumstances.

From 1995 to 2010, Balkrishna Bhai and his wife, Kamala Bhai, would visit Calcutta every year and stay with us for a couple of days. The times we spent together were very special not just for me but also for my entire family. Over breakfast, lunch and dinner, we would remain enthralled by his conversations, laden with simple thoughts but profound meaning. His worldview, his faith in community living and his marvellous philosophy of inclusion and aesthetics, without doubt, transformed him from an architectural consult-

ant to a Life Guru as far as I was concerned. His simplistic approach perhaps comes from the simple life he led. Balkrishna Bhai had lived in the same home in the same manner perhaps for the last 50 years. Ever since I have been going to his home for the last 30 years, it hasn't even changed one bit. I was told that he had designed and moved into that house 20 years before that, which makes it 50 years of living in the same home in the same manner.

If you look at his photographs throughout his lifetime, you would notice that even his attire — cotton shirt with trousers and typical khadi wear — hasn't changed much. The simplicity about his thinking was thus reflected in his own life. He was a great connoisseur of good food, but a frugal eater.

He enjoyed tasting all kinds of food, but he would literally have just morsels. He had a great sense of music,

very keen on discovering and listening to good music. He was a simple person who had many fine sensibilities, not just in art and architecture but also in other broader spectrums of life.

I had the great honour and privilege of meeting Balkrishna Bhai at his Sangath office in Ahmedabad on December 8, 2022. He was enthusiastically showing me his latest obsession, which was his recent foray into painting.

There too, you could see glimpses of his mastery and artistry where he looked at the built and unbuilt with the accompanying light and shadow play.

There is no other way to sum up his life than to quote from Rabindranath Tagore: "When I go from hence let this be my parting word, that what I have seen is unsurpassable. I have tasted of the hidden honey of this lotus that expands on the ocean of light, and thus am I blessed — let this be my parting word."

A heartfelt tribute to the visionary architect Shri Balkrishna Doshi, by Harshvardhan Neotia published in The Telegraph
